Student Satisfaction Survey 2021-22

Student Satisfaction Survey (SSS) is one of the obligatory criteria set by National Assessment and Accreditation Council (NAAC). It is also a pre qualifier for Assessment and Accreditation of the institution. From 2017 onwards the NAAC has endeavored to carry out a Student Experience Survey, the results of which will go into the accreditation process. The Survey includes 25 competency based, objective and subjective questions. The responses to which are given anonymously by students of the institution. This survey corresponds to an institution level feedback on curriculum, teaching and learning, infrastructure, administration and library. We implemented SSS on-line through students groups during the month of September 2021 and received on-line response from 485 students which was analyzed by the feedback committee and reported to the head of the institution.

Further they were satisfied that teachers come well prepared for the classes and complete the syllabus in time. It is also noted that students expressed their dissatisfaction regarding teachers not using teaching aids effectively.

Students show good opinion about the curriculum as it focuses on goals to be achieved and clearly defines the effectiveness of syllabus, question paper pattern and evaluation. Students express satisfaction regarding curriculum that is supportive towards market requirements/placements/to pursue higher studies. They expressed dissatisfaction that the curriculum does not cater to their needs of preparation for competitive exams.
