Special Talk on "Relevance of Bhagavad Gita"

Report :

Karnatak University's Karnatak Arts and Commerce College, Dharwad Internal Quality Assurance Cell (IQAC) and Department of Sanskrit, Prakrit & Yoga Studies jointly organised Online Special Talk on "Relevance of Bhagavad Gita" on the occasion of World Sanskrit Day -2022 on 12th August 2022.

The topic was "Relevance of Bhagavad gita" explained by Dr.Vishwanath Hegde, Central Sanskrit University, New Delhi, Rajiv Gandhi Campus, Sringeri. Bhagavadgeeta, all know has solution for all the problems (from the olden days to recent) of day to-day life. How one should lead his life is clearly explained by Lord Krishna. We can co relate any problem with bhagavad geeta and find solution. So, it is relevant to our life on any given day.

National Level Seven-Day Online Special Sanskrit Lecture Series on the
Occasion of World Sanskrit Day and Samskrit Saptaha-2022

Report:

Karnatak University's Karnatak Arts and Commerce College, Dharwad Internal Quality Assurance Cell (IQAC) and Department of Sanskrit, Prakrit & Yoga Studies jointly organised "National Level Online Seven-Day Special Sanskrit Lecture Series" on the occasion of World Sanskrit Day and Samkrita Saptaha-2022 from 9th August to 15th August. Seven days seven scholars spoke on seven different topics in relation to sanskrit.

First day it started with a prayer on Goddess Saraswati in a divine voice. The topic on the first day was "Sanskrit in Day-to-day life". Vidushi Chethana Vasanth explained well about it. In day to-day life we use many sanskrit words like Bhojanam, Snanam, Phalam, Pushpam, Jalam, Papam, Punyam etc. How sanskrit is part of our lifestyle, is made known by the presenter in an unique way.

On the second day the topic was "Sanskrit and Music". Vidwan M Dwarakish is not only a good speaker but also a great musician too. Many 'vaggeyakaras' wrote songs in sanskrit, which have great following even today. Sanskrit and Music is always together and inseperable.

Third day, Vidwan.Ravi Joshi lectured on "Sanskrit in other countries" . Many Countries like Italy, Austria, Switzerland, UK, Holland etc in Europe, USA and Canada in North America and Australia too promote Sanskrit. So many students love to study Sanskrit in Germany - that's certain and being lucky. Many of us aware that Germans have studied Sanskrit and Vedas since centuries.

Fourth day the topic was "Relevance of Bhagavad gita" explained by Dr.Vishwanath Hegde. Bhagavadgeeta, as you all know has solution for all the problems (from the olden days to recent) of day to-day life. How one should lead his life is clearly explained by Lord Krishna. We can co relate any problem with bhagavad geeta and find solution. So, it is relevant to our life on any given day.

Fifth day's topic was " Relation between Kannada and Sanskrit" lectured by Dr. Suryanarayan Hegde very well. Out of the south indian languages Kannada, Telugu and Malayalam share relative words with sanskrit. Kannada vaggeyakara Purandara Dasa wrote many sanskrit songs and composed. They are sung even today with great devotion.

Sixth day Dr.Naveen Bhat of Coimbatore, Tamilnadu explained well about the "Science and Commerce in Sanskrit". Incidentally a Bachelor of Arts program in Sanskrit entails the intensive study of Vedic, classical and Modern Sanskrit literature. Under this course it makes sure that students internalize the ability to decode sanskrit langugage and various 'shastras' to meet present needs. This clarifies sanskrit's role in science, commers and arts.

On the last day of the seminar, Dr. Jyoti Gokavi gave authentication as to how Sanskrit and Ayurveda-Yoga goes hand in hand. Ayurveda and yoga are twin paths to one goal. The word 'Ayurveda' is formed from an amalgam of two Sanskrit words 'Ayu' meaning a combination of body, sense, mind and soul, and 'veda' meaning knowledge. 'Yoga' is a Sanskrit word that means 'to join' or 'to link' or 'to combine'. The basic literature of Ayurveda, that is, Samhita are written in Sanskrit language, the language of our ancient India. These Samhita are integral part of the Ayurveda education. Therefore, knowledge of Sanskrit language becomes necessary to learn Ayurveda.

So, it is evident that Arts, Commerce, Science, Music, Ayurveda, Yoga and many more fields have their roots in Sanskrit, the great Indian treasure. Similarly most of the world languages also derived from Sanskrit.
