Governing Five Year Integrated Course

Master of Tourism and Travel Management (MTTM)

Preamble:

The University Grants Commission (UGC) as per the New Education Policy (NEP) has directed all the Indian Universities to bring out reforms in Indian education system by adopting the Choice Based Credit System (CBCS) for all under graduate and post graduate programmes. The NEP felt that our present education system produces young minds lacking knowledge, confidence, values and skills. Earlier we had MTA Five Year Integrated Programme. As per the UGC norms the nomenclature of MTA is now changed as MTTM with advanced study/courses.

The CBCS is a student centric having a course structure to enhance the knowledge in intra and inter discipline programmes and skill for employability. Thus, CBCS not only offers opportunities and avenues to learn core subjects but also exploring additional avenues of learning beyond the core subjects for holistic development of an individual. In general the CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. Hence, the UGC has recommended adopting CBCS for all graduate programmes that will undoubtedly facilitate the young generation of our country a bench mark for courses with best international academic practices. It is therefore, Karnataka University, Dharwad feels that this is the time to adopt the CBCS in Bachelor of Tourism and Travel Management and Master of Tourism and Travel Management, an Integrated Five Year programme.

The Bachelor of Tourism and Travel Management + Master of Tourism and Travel Management (MTTM), Integrated Programme (UG+PG) has duration of Five years (Ten Semesters) and leads to an initial professional university degree qualification. It qualifies graduates to take over specialist and managerial positions in the tourism and travel industry as well as to pursue a research degree course.
